Hi everyone,

I have enjoyed looking at your website for the last month or so and decided to join in. I previously owned a 23' sailboat but had to sell it last year. Family got scared of it and was too much for me to handle by my self. Also marina fees, scraping the bottom etc; it was getting too expensive.

I wanted some water vessel paddle and also wanted a small sailboat. I decided on canoe sailing after viewing your site. I live 1 block from the St. Johns River in FL and want to get started soon!

Welcome! Canoe Sailing Magazine is based in Dunedin, right across the state where we enjoy sailing year-round!
